ORDER AWARDING POSSESSION OF SEIZED PROPERTY

On the 12TH day of FEBRUARY 2015 in the Justice Court of Precinct 3, Hunt County, Texas, came to be heard the above-styled cause JOEL CRAIG GIBSON AND THE HUNT COUNTY SHERIFF'S OFFICE, claimants, are seeking to establish the right to possession of the following-described property: 16 FT KEARNEY TRAILER FLATBED VIN# REMOVED. Said property is now in the possession and control of the HUNT COUNTY SHERIFF'S OFFICE, who stored said property until a determination could be made by a court having jurisdiction and venue as to the possession or proper disposition of the property.

All the parties expressing a claim to possession were properly notified of this examining trial; those desiring to assert such claim to possession appeared in person or by attorney; and the court, after hearing all the evidence and testimony, is of the opinion that possession of the above-described property should be awarded as follows:

- 1) Property Awarded: 16 FT KEARNEY TRAILER FLATBED VIN# REMOVED
Claimant's Name: HUNT COUNTY, P.O. Box 1097 Greenville, TX 75403.

Therefore, it is ORDERED that the possession of said property now in the possession and control of the HUNT COUNTY SHERIFF'S OFFICE be immediately transferred to the Claimant, as set forth above, subject to the condition that such property shall be made available to the State should it be needed in future prosecutions, or that any court having jurisdiction over the offense may order the property to be used for evidentiary purposes; and furthermore the court finds that no storage charges are currently due. This order does not determine ownership of said property, only a right to possession under Chapter 47.01a Texas Code of Criminal Procedure. The authority of this award is based on jurisdiction as a criminal magistrate and not as a civil court, Texas Code of Criminal Procedure 47.01a.

It is ORDERED that Kenneth Peters make due return, showing execution of same.

ISSUED this the 12TH day of FEBRUARY 2015.

Appeal Bond Amount: \$3,200.00

Attention Academies:

Productivity Center, Inc. announces the latest enhancement to TCLEDDS – Online Testing Centers.

Academies can now offer the Texas Commission on Law Enforcement Licensing Exams for Peace Officers and the Basic Jailor exam at their own facilities. The exams, administered via the Internet, are randomly generated for each examinee, and the results are available immediately upon completion to the examinee, the Academy, and TCLEOSE.

Costs for becoming an Online Testing Center:

- Academies or Training Providers only must have a valid TCLEDDS license, to be renewed annually – this fee will be discounted to \$500 per year when an Academy also becomes an Online Testing Center.
- A one-time set up fee of \$400
- Academies will also pay an annual Online Testing Center fee, which is based upon the number of exams administered by an academy during the last fiscal year.

0 – 50 exams	\$100 per year
51 – 100 exams	\$200 per year
101 – 150 exams	\$300 per year
151 – 200 exams	\$400 per year
201 – 250 exams	\$500 per year
251 – 300 exams	\$600 per year

To become an Online Testing Center, an Academy must:

- Obtain a valid TCLEDDS annual license
- Obtain Approval from TCLEOSE
- Follow technical and testing facility requirements as established by TCLEOSE
- Provide high-speed Internet access to the testing area

RE: E-Verify Contract Amendment for Contract #23939173

Dear Judge Horn:

Recently, Governor Perry issued Texas Executive Order RP-80, which directed all State Agencies to require its contractors and subcontractors to use the U.S. Department of Homeland Security's E-Verify system to validate the work authorization status of all individuals working on State Contracts. The amendment enclosed with this letter modifies the above referenced Contract to enact this requirement. The amendment also adds language for Bilateral and Unilateral Amendments to be executed in certain circumstances.

Have the Designated Signature Authority sign the Amendment and return to me at the address or email listed below.

You can access the E-Verify System at the following location: <http://www.uscis.gov/e-verify>

If you have any questions related to the enrollment or use of the E-Verify website, please contact U.S. Citizenship and Immigration Services, which is the division of Homeland Security that maintains the E-Verify system. If you have any other questions, please contact me at 817-792-5226

Respectfully,

Contract #23939173

Amendment #15-01

This AMENDMENT (Amendment) of contract #23939173 (Agreement or Contract) is entered into by and between the **Texas Department of Family and Protective Services** (DFPS or the Department) and **Commissioners' Court Of Hunt County** (Contractor).

1. Purpose

Section V(D) of the Agreement stipulates that the Contract may only be modified by mutual consent of all parties. DFPS procured this Contract under an Interagency Cooperation Contract for Non-Financial Title IV-E Child Welfare Services and has been amended zero (0) times.

The parties agree that: (1) the Governor of Texas released an executive order and this contract is amended to reflect such; and (2) this Contract needs to have the option of it being unilaterally amended as necessary to comply with changes made to federal or state laws, regulations, rules or policies and to correct obvious clerical error.

The Governor of Texas released Executive Order RP-80 on December 3, 2014 requiring all State Contractors and Subcontractors to use the E-Verify system to validate the work authorization status of individuals who perform work under Texas Contracts. Both DFPS and Contractor agree that the enumerated revision below represents a necessary change that implements mandatory regulations under Texas Law for the effective administration of the Contract.

2. Effect of Amendment on Contract

2.1. Unless otherwise modified, the terms and conditions of the Contract shall remain in full force and effect.

2.2. This Amendment modifies the Contract by adding new Section V(G)

U.S. Department of Homeland Security's E-Verify System. Contractor certifies its use of the U.S. Department of Homeland Security's E-Verify system to validate the eligibility of all staff, subcontractors, or subcontractor's staff to perform work under this Contract within the United States of America. Upon request, Contractor must provide an electronic or hardcopy screenshot of the confirmation or tentative non-confirmation screen containing the E-Verify case verification number for each individual hired to perform work on the Contract. If this certification is falsely made, DFPS reserves the right to take any remedial actions deemed reasonable and necessary by the Department to ensure compliance with the terms and conditions of this Contract, up to and including termination of the Contract at no fault to the state.

2.3. The following language is added to the end of **Section V(D)** of the Original Contract:

The parties to this Agreement may make modifications to the Contract according to the requirements of this section.

- 1. Bilateral Amendment.** Either party to this Agreement may modify this Contract by execution of a mutually agreed upon written amendment signed by both parties.

Contract Amendment

February 2015

2. **Unilateral Amendment.** The Department reserves the right to amend this Agreement through execution of a unilateral amendment signed by the DFPS Contract Manager and provided to the Contractor with ten (10) days notice prior to execution of the amendment under the following circumstances.
- a. to correct an obvious clerical error in this Contract;
 - b. to incorporate new or revised federal or state laws, regulations, rules, or policies.

The parties to contract #23939173 have duly executed this Amendment to be effective March 1, 2015.

RE: Jacobia WSC, Texas Community Development Block Grant 713231

Dear Commissioner Latham:

Daniel & Brown Inc. is the consulting engineer for Jacobia Water Supply Corporation. We are in the process of installing four-inch water lines along the west side of Hunt County Road 4201 and along the north side of Hunt County Road 4105. Please see the enclosed vicinity map for locations. These improvements are planned to be installed in private easements, where granted. Otherwise, if it is not possible to acquire private easements we are proposing for installation in the county right-of-way, where needed.

Respectfully, we are requesting the Commissioner's Court to consider and grant permission for these 4-inch waterlines to be installed in the county right-of-way, where needed. Our inspector Mark Wright has spoken with your office and it was requested, by your office, for this request to be made in writing.

If you should have any questions or need additional information, please feel free to contact me.

Sincerely,

Charles Massey
Project Manager
