YES for ROADS

ANNUAL REPORT AUGUST 2018

Yes for Roads: Year One

We said Yes for Roads! And that has brought us a year filled with planning, funding and working with partners like the Texas Department of Transportation, the North Central Texas Council of Governments and our cities to launch this program to improve Hunt County Transportation.

It also has been a year of great early return on our investment: our most recent financial overview report, page 5, indicates that this program has led to greater state and federal construction funding commitments than anticipated. This translates to little or no increase to our property tax rate for our transportation improvements.

We salute the members of our Transportation Steering Committee for their hard work and early accomplishments. And we thank you, our voters and taxpayers, for your support.

Now we face new challenges. As we begin construction of these projects and as construction along IH 30 continues, we must also acknowledge that getting around will get tougher before it gets easier. It took courage and faith for the voters of Hunt County to choose investing in roadway improvements. It will take grit to see these projects to completion. Fortunately, we have plenty of grit in Hunt County!

As we continue to study, design and connect our County with new and better roadways, let's keep our sights on our goals: safer, smoother, efficient transportation; well-connected, attractive neighborhoods; and smart commercial development.

We hope as you look through this first Annual Report that you share our excitement with the progress made this year. As always, we invite your interest and participation. The members of the Transportation Steering Committee and our Commissioners Court stand ready to answer your questions and address your concerns.

Thank you.

John Horn County Judge, Hunt County

Eric Evans Hunt County Commissioner, Precinct 1

Tod McMaharı Hunt County Commissioner, Precinct 2

Phillip Martin Hunt County Commissioner, Precinct 3

Jim Latham Hunt County Commissioner, Precinct 4

HUNT COUNTY TRANSPORTATION STEERING COMMITTEE

John Adel City Manager, Quinlan

The Hunt County Transportation Steering Committee oversees the Bond Program on behalf of the County Commissioners Court and County citizens. The Committee provides frequent updates and recommendations to the Court. The Transportation Program consultant, Freese and Nichols, Inc. (FNI), manages the transportation projects and reports monthly to the Committee.

After approval by voters in November 2016, the Steering Committee guided issuance of the first tranche (portion) of bonds, \$6 million, in July 2017. The Committee's ongoing responsibilities include monitoring project work following authorization by the Commissioners Court.

Judge Horn, the Steering Committee and FNI coordinate with the Texas Department of Transportation (TxDOT), the Regional Transportation Council (RTC) and the North Central Texas Council of Governments (NCTCOG) regarding planning and funding of projects as they are readied for construction. The Committee also works with individual cities to coordinate Bond Program projects with initiatives and planned development within or adjacent to those cities.

Program Overview

Our Transportation Bond Program prepares us for inevitable growth. As development from the Metroplex continues to expand into Hunt County, and as the improvements to Interstate 30 move eastward, Hunt County's need for connectivity is critical to managed growth. Our multiyear program is a thorough response to that growth, addressing obvious needs such as efficient connections to IH 30 and roadways to serve increasing residential and business development. The Program also addresses longer-term needs for new and improved roadways in and around our communities: from Wolfe City south to Quinlan and from Royse City east to Greenville and Commerce.

At the same time, the Transportation Steering Committee has been particularly active in pursuing funding opportunities. The financial overview summary on page 5 reflects a bright picture: we are well ahead of our projections for leveraged funding, particularly construction funding commited by NCTCOG and TxDOT. Every penny of outside funding reduces the likelihood of an increase in property taxes. Be assured that the entire Program team is committed to responsible oversight of your investment.

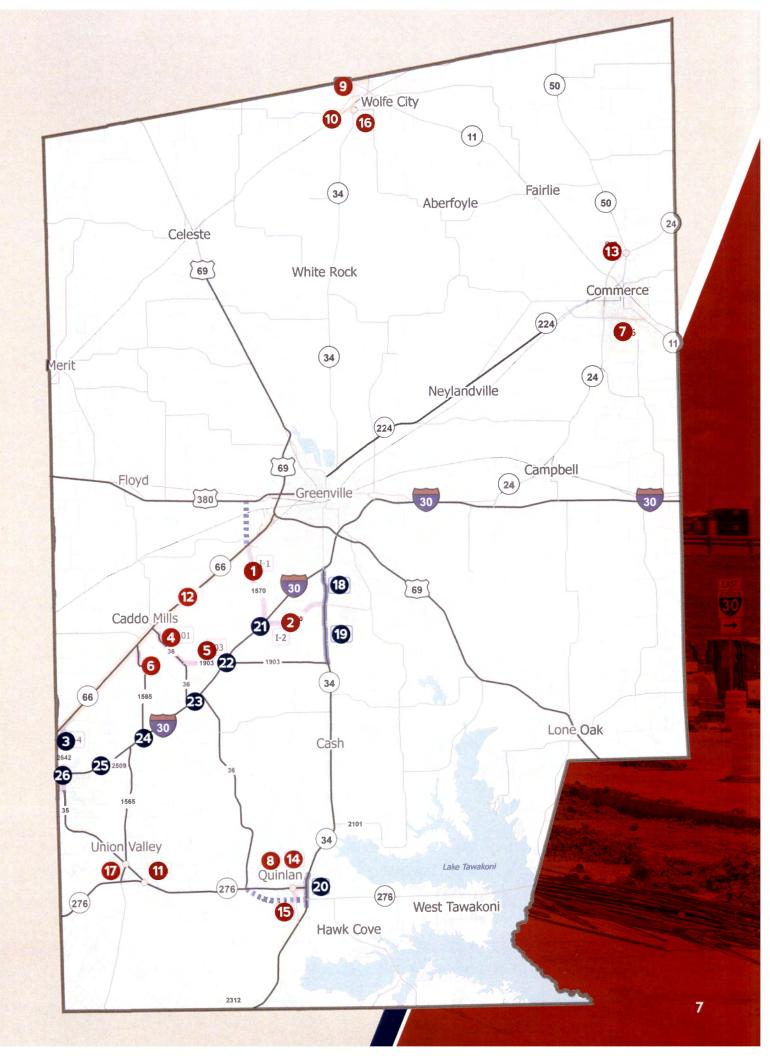

Financial Overview FUNDING SOURCES - 10% Hunt County Bond Funding by TxDOT and NCTCOG has multiplied our investment in transportation bonds tenfold. While our primary expenditures have been for studies and initial design, Program Funding Allocation shows that more than threeguarters of our budget eventually will fund construction projects. 90% TXDOT / NCTCOG BOND PROGRAM **PROJECT ALLOCATIONS** 8% ROW / Utilities 6[%] Program Management 86% Project Development / Design COMBINED TXDOT AND HUNT COUNTY BOND PROGRAM FUNDING ALLOCATIONS - 3% Initial Design / Studies 0.3% Environmental -- 7% Final Design 10% ROW / Utilities 80% Construction

IH 30 Projects

At this writing, TxDOT has planned projects on IH 30 in Hunt County, improving and widening the highway to six lanes, from the Rockwall County line to SH 24 east of Greenville. Many of the projects in the Hunt County Transportation Bond Program address interchanges and connecting roads along the Interstate.

PROJECTS ALONG IH 30 INCLUDE:

- IH 30 @ FM 2642, Royse City
 - IH 30 @ CR 2509, near Royse City
 - IH 30 @ FM 1565, Caddo Mills
 - IH 30 @ FM 36, Caddo Mills
 - IH 30 @ FM 1903, near Caddo Mills
 - IH 30 @ FM 1570, Greenville
 - FM 1570, IH 30 to SH 34, Greenville
 - FM 1570, IH 30 to SH 66, Greenville
 - FM 1903 / FM 36, IH 30, to Caddo Mills
 - FM 2642, FM 35 to IH 30 to SH 66, Royse City
 - SH 34, IH 30 south from Greenville to Kaufman County line near Quinlan

Across Our County

The Hunt County Transportation Program improves our roadways in two significant ways: They link our communities and they connect us within our communities. In all these projects, we aim for improved safety, increased capacity and more direct connections.

Within our cities, our projects incorporate modern design features to enhance walkability and support local commercial and residential planning and development. Between our cities, we want to provide direct connections for areas that have outgrown their designed traffic capacity and accommodate the growth in our population centers that will increase as the Metroplex expands eastward.

SIX PROJECTS ARE CURRENTLY BEING DESIGNED:

- FM 1570 (North) Greenville, four lanes from IH 30 to SH 66
 - FM 1570 (South) Greenville, four lanes from IH 30 to SH 34
 - FM 2642, Royse City, four lanes from FM 35 to SH 66
 - SH 36, Caddo Mills, four lanes from FM 1903 to Joshua St.
 - FM 1903, Caddo Mills, four lanes from IH 30 to FM 36
 - SH 24 and SH 11 Commerce, Consistent with Reimagine Commerce

THERE ARE SIX STUDIES THAT ARE PART OF THE TRANSPORTATION BOND PROGRAM:

- SH 24 and SH 50 Commerce, Grade separation study
 - · SS 264 and Main St (Old SH 276), Quinlan traffic signal warrant study
 - SH 34 Wolfe City West loop corridor bypass study
 - · CR 1010, Wolfe City, Alternative truck route study
 - SH 276 & FM 35 Union Valley, Traffic operations safety study
 - SH 66 Greenville to Royse City

OTHER IMPROVEMENTS MAY INCLUDE:

- Main St (Old SH 276), Quinlan, Resurface 2 lanes, curb & sidewalk
 - FM 1565, Caddo Mills, turn lanes at elementary school
 - SS 264, Quinlan, Add Shoulders and Sidewalk
 - SH 34 and CR 1010, Wolfe City, Intersection Realignment
 - FM 35 and FM 1565, Union Valley, Intersection Improvement

TXDOT-SPONSORED PROJECT CURRENTLY BEING PLANNED AND TO BE CONSIDERED FOR CONSTRUCTION:

 SH 34 Greenville to Quinlan

2507 Lee St • Greenville, Texas 75401
