JENNIFER LINDENZWEIG
County Clerk, Hunt County, TX
By *Jennifer Lindenzweig*

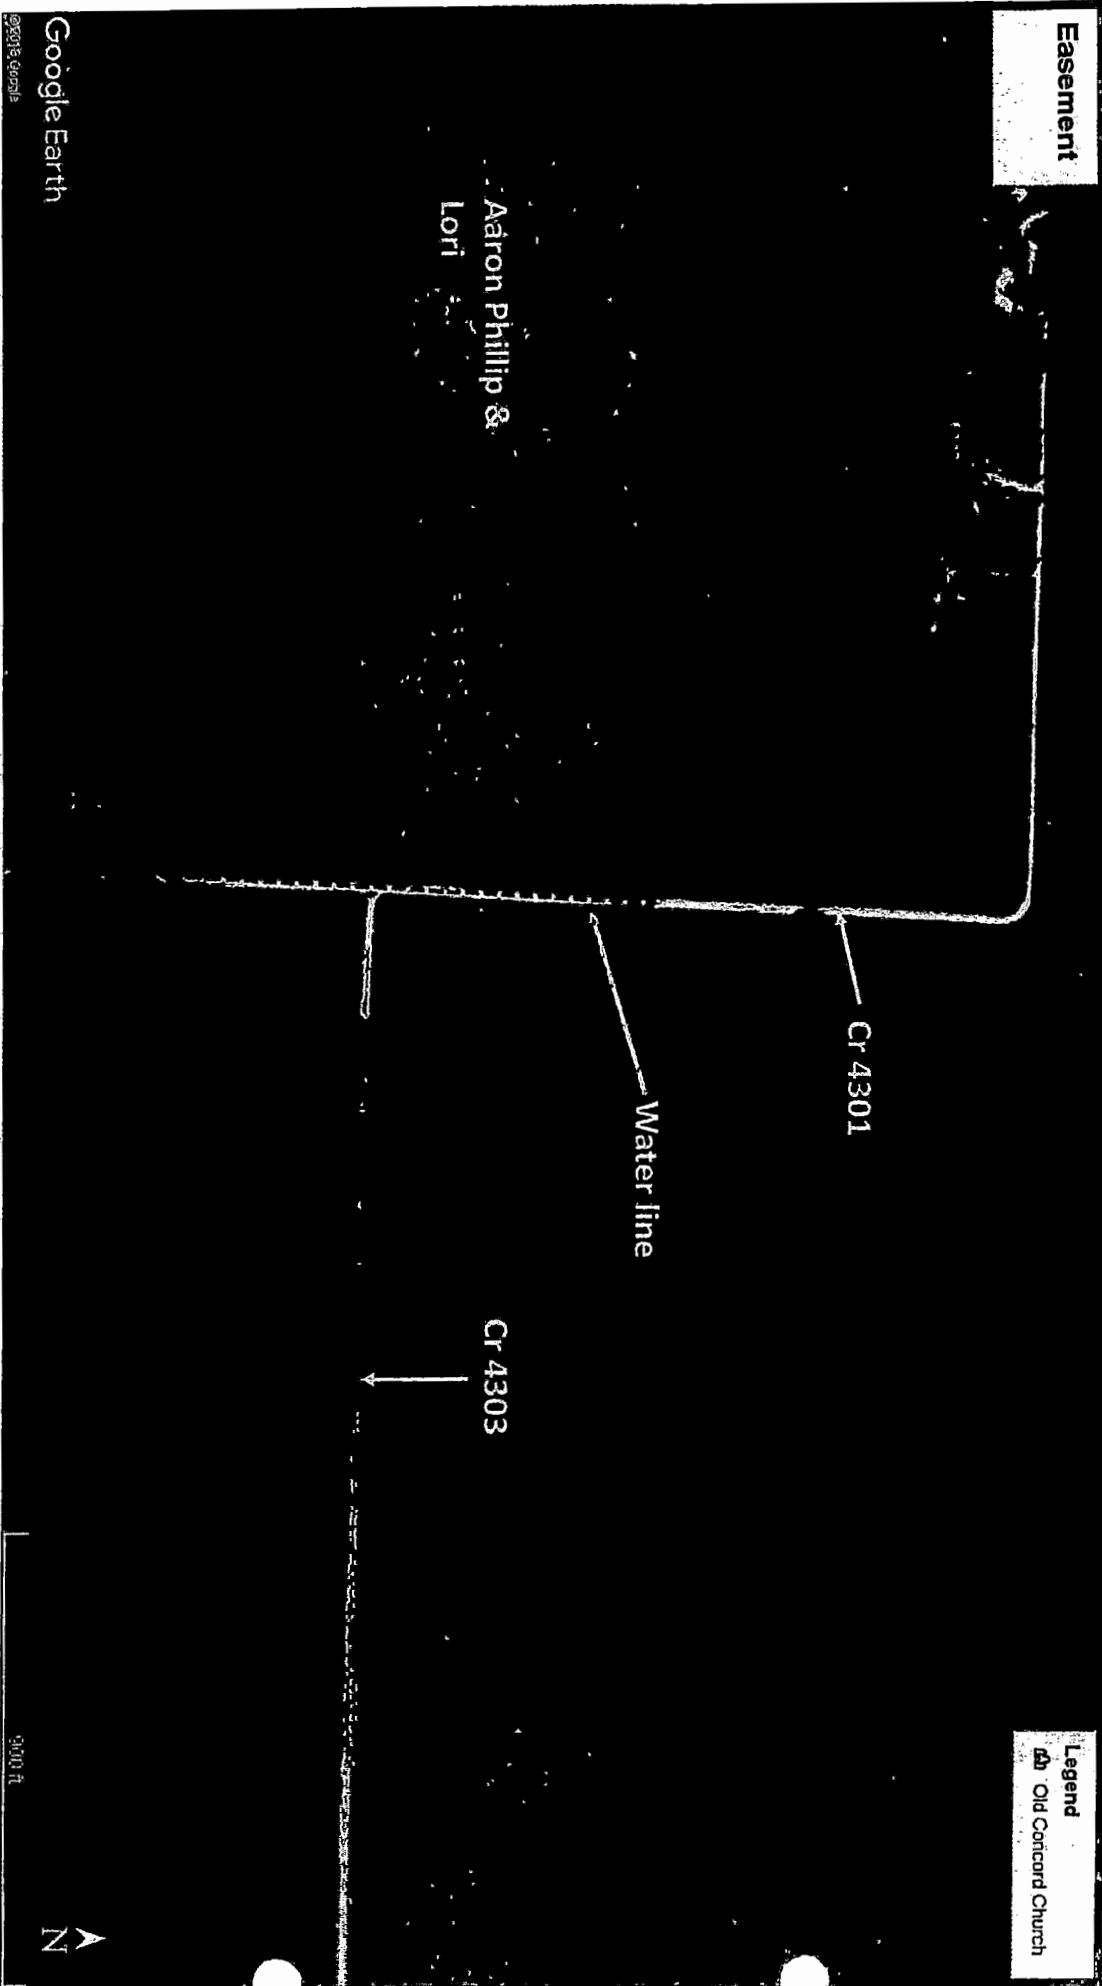

1. Attached is a Google Earth picture of the area which this line will be installed.
2. I have not heard back from James Wilson on this affirmative statement. Hopefully you might have.
3. Crossing the ditch at the beginning and end will be dug with a backhoe and also around the 3 coverts that cross the road. A trencher will be used going down the road. We plan to wind roll the rock from the edge of the road to the center of the road. The track of the trencher will run along the grass line and the ditch will be 8" wide about 2 feet out in the roadway. After the line is laid and back filled it will be compacted with a dozer when the rock spread back across. Additional rock will be added if necessary.
4. The road will be posted "Road Closed to Through Traffic" with signs.
5. Weather permitting we anticipate 2 days.
6. Undetermined until dry conditions.

Sincerely,

Mike Wemhoener

General Manager
Hickory Creek Special Utility District

For your information, I have attached the information on file with TCEQ showing the formation of the Hickory Creek SUD. Also attached is a document with TCEQ showing the information on the application to convert to an SUD. The last thing I have in the attachment is a print out from the Secretary of State showing filings for Hickory Creek Water Corporation. As you can see, it was dissolved in 1997, after the entity was converted to a SUD. Thanks.
