## Whatever It Takes to Build Great Futures.

For 160 years, Boys & Girls Clubs have navigated times of tragedy and crisis to provide safe places for kids and teens. Today, we are committed more than ever, to ensure Club staff, members, families, and communities have the resources and support they need to navigate these uncertain times – while also partnering with state and local officials to do more.

Throughout the pandemic, Boys & Girls Clubs of Northeast Texas has been committed to doing whatever it takes to meet the needs of our youth. We have been safely operating by providing meals, activity bags, weekend meal bags, virtual programming, LIVE virtual programming and wellness checks to our kids.

We are looking forward to the coming days when we can open our physical doors again to continue serving kids!

# Our Impact

## Our reach.

Every year, over 4,000 youth across Commerce, Greenville, and Rockwall look to the Club for safety, mentorship, homework help, support, and so much more. Today, we are doing whatever it takes to reach those youth while our Club doors are still closed.

## Wellness Checks.

We know that one on one wellness checks are so important to our Club kids and families. Club Directors are working hard to make contact with our families, evaluate needs, and adjust our plan to meet those needs.

## Meal Services.

When COVID-19 shut down Clubs, schools, and communities, the Club immediately went to work evaluating the needs of our families. While schools stepped up to serve free breakfast and lunch during the school year, the Club stepped up to serve free dinner and snacks. Now, during the summer, the Club is continuing to serve free meals to meet the needs of our youth.

## Virtual Programming.

Kids and families need Clubs. Club Directors and Youth Development professionals have worked tirelessly to bring the Club to them. Kids can step through our virtual door and engage online in all of our core programs like- Summer Brain Gain (which targets summer learning loss), Triple Play (a healthy lifestyles program), SMART Moves (a risky behavior prevention program), and Clubs within the Club (fun, engaging, targeted Clubs like Auto Club, Nature Club, and Dance Club)!
