Re: NCTCOG Regional Public Works Program Cost Share Invoice

Dear Judge Stovall:

At the request of the Public Works Council (PWC) you are receiving this invoice from the North Central Texas Council of Governments (NCTCOG) so your organization has the opportunity to participate in the Regional Public Works Program, a voluntary program for organizations in the 16-county North Central Texas region.

The mission of the Regional Public Works Program is to provide a forum for exchanging ideas and initiating regional actions, pool financial and intellectual resources to address specific common needs, establish uniform standards which produce better products at lower costs, and develop the public works profession in North Central Texas. Please see the enclosed flyer to learn more about the Regional Public Works Program benefits. You can also learn more at www.nctcog.org/envir/public-works.

The NCTCOG Regional Public Works Program is led by the Public Works Council (PWC). The PWC provides expertise and support to the NCTCOG Executive Board and staff on a wide range of regional public works issues. The mission is carried out through the work program that is developed by the PWC and its subcommittees. The FY2020 Work Program can be found here <https://www.nctcog.org/envir/public-works/public-works-program>.

The activities of the PWC and work program are cost-shared amongst cities, counties, and other partners who wish to support advancement of this industry and participate as a member. Financial participation in the Regional Public Works Program allows for your community to have full access to all the documents and resources that are produced through the program, and free registration for any trainings or workshops held by the PWC or subcommittees.

The PWC hopes you will participate in the program. We recognize that your current fiscal year budget is set and may not allow payment of this invoice. If so, we would be happy to accept any contribution that you can provide and ask that you budget for this opportunity for the coming 2021 budget year. For questions and further discussion about the program, please reach out to your subregion representative, Bobby Clay, at bclay@cityofquinlan.net or (972) 771-4601. Please also feel free to reach out to the Regional Public Works Program coordinator, Olivia Kale, Environment & Development Planner at NCTCOG, at (817) 695-9213 or OKale@nctcog.org.

Sincerely,

Edith Marvin
Director of Environment & Development
NCTCOG

PUBLIC WORKS PROGRAM BENEFITS

In partnership with the Public Works Council (PWC), the North Central Texas Council of Governments (NCTCOG) has developed a Work Program that guides NCTCOG support activities. The Work Program reflects the administrative and financial support needed for the activities associated with the PWC's expanded mission, and details the activities for the 2020 fiscal year that begins October 1, 2019.

WHAT THE PROGRAM INCLUDES:

- Ongoing Public Works Council support
- Development of a Sustainable Public Rights-of-Way Best Management Practices Guidebook
- Hosting trainings and maintaining the Public Works Training Calendar
- Continuing service as a FEMA Cooperating Technical Partner (CTP)
- Continuing updates to the Public Works Construction Standards drawings
- Continue development of technical resources and adoption of the integrated Stormwater Management Program (iSWM)
- Hosting the 2020 Public Works Roundup

FY2019 ACCOMPLISHMENTS

- 20th Annual Public Works Roundup with a SPROW Track
- Update of Division 1000 Drawings in the Construction Standards
- Update of 10 iSWM details to be included in the Construction Standards

The Regional Public Works Program relies on entities' contributions in order to accomplish the valuable work of fostering the cooperation of municipal governments and private industries in promoting consistent standards that produce better products at lower costs within the North Central Texas region. Our work would not be possible without your continued support of the Regional Public Works Program. Thank you!
