Line Extension for Potential new customer CR 4410

Greetings:

North Hunt SUD is requesting permission to install a new 4" water line in the right of way along CR 4410, starting at the intersection of CR 4410 and CR 4412 the line would extend on the south side of CR 4410 for approximately 600Ft to the property of a new customer. NHSUD has reached out to the property owners in the area of the proposed new line for easement however both property owners have denied easement for their properties. This new line would be installed along the back slope of the ditch and would not cross or affect any roadways.

If you have any questions, please contact me at any time.

Sincerely,

Bryan Dawson
